OSRAM

XENARC NIGHT BREAKER LASER

Brightest OSRAM xenon light

Up to 200% more brightness

More light allows to see farther and therefore react sooner compared to the minimum legal standard

Up to 250 m long beam

For better visibility

Up to 20% whiter light

Close to laser look compared to the minimum legal standard

The most powerful xenon light from OSRAM

XENARC NIGHT BREAKER LASER is the brightest OSRAM xenon light for your truck. This powerful lamp with efficient xenon technology ensures better visibility on the road, delivering up to 200% more brightness compared to the minimum legal standard. More light enables drivers to see farther and therefore react sooner. It also features an up to 250 m long beam and provides up to 20% whiter light (compared to the minimum legal standard) - close to a "laser look" . Discover the pure performance of XENARC NIGHT BREAKER LASER - the most powerful xenon light from OSRAM, available in D1S, D2S, D3S and D4S. Please note: XENARC lamps should be replaced by a qualified mechanic.

XENARC NIGHT BREAKER LASER D4S		In work

 $^{^{1)}}$ Reduced UV emission/For projection headlights/ECE approval and DOT label

 $^{^{\}mbox{2)}}$ To be operated only with approved electronic control gear

Product family datasheet

Safety advice

XENARC lamps should be replaced by a qualified mechanic.

This product must only be operated with approved electronic control gear.

Legal advice

Light output compared to the minimum ECE R98/99 requirements

This product must only be operated with approved electronic control gear

XENARC lamps should be replaced by a qualified mechanic

Reduced UV emission | For projection headlights | ECE approval and DOT label

± 450 lm

Application advice

For more detailed application information and graphics please see product datasheet.
