

SPD /275/ D

Surge protection device

Areas of application

- Street and urban lighting
- Industry lighting
- Outdoor applications

Product family benefits

- Low maintenance effort
- Suitable for luminaires of protection class II
- Several protection level options for different applications
- Securing uptime of your outdoor lighting installation from overvoltage pulses
- Fully compliant with IEC 61643-11

Product family features

- High surge protection for all lighting applications
- Failure indication LED
- Mains voltage up to 275 V
- Voltage protection level for connected LED driver <1.5 kV
- Push-in terminal
