

LEDDriving SL PS19W

Ideal replacement for any vehicle

High color temperatures of up to 6,000 K

Faster signals provide more reaction time for drivers behind you

High brightness

Faster signals provide more reaction time for drivers behind you

Replaces conventional PS19W lamps

Upgrade to LED with simple plug & play replacement

Suitable LED replacement for PS19W

These LEDDriving SL retrofit lamps were specially developed for a suitable replacement of conventional PS19W lamp types. Perfect for a multitude of applications, OSRAM LEDDriving SL illuminate vehicle exteriors with high color temperatures of up to 6,000 K. Thanks to their homogeneous light distribution, illumination is non-selective. OSRAM LED retrofits come with easy plug-and-play replacement, long life spans, low energy consumption – and 100% more style. OSRAM provides a 4-year guarantee for this product. For precise guarantee conditions please refer to www.osram.com/am-guarantee. Please note that these products are not ECE-approved and must not be used on public roads in any exterior application. Use on public roads will invalidate both the operating license and insurance coverage. Some countries prohibit the sale and use of these products. Please contact your local distributor for information on your country.
