# Product family datasheet

## SubstiTUBE Advanced

High performance LED tubes for electromagnetic control gears

## Product family datasheet

---

### Equipment / Accessories

- Suitable for operation with low-loss and conventional control gears

---

### Application advice

For more detailed application information and graphics please see product datasheet.

---

### Ecodesign regulation information:

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
